

Washington Park Community School
2008-2009

Dear Parent(s)/Guardian(s) & Students,

My name is Ms. Hummer. I am the new Intervention Specialist for grades 6, 7 and 8. I graduated from Cleveland State University with my Bachelors degree in Education. I am a highly qualified teacher who is currently attending classes for my Masters degree in Special Education. I wanted to introduce myself to you, as I have taken Ms. Stanoszek's place at Washington Park Community School. I will be providing intervention services in the general education classroom as well as some pull-out into the resource room for testing and remedial skills. I look forward to working effectively to meet both student and family needs. I hope to collaborate with you to find the best strategies and resources that will work for all academic, social and emotional needs. Thank you in advance for your cooperation and support. I look forward to a successful year!

Sincerely,

Ms. Hummer, Intervention Specialist
